XPG STARKER AIR COMPACT MID-TOWER CHASSIS

XPG STARKER AIR is a compact yet capable Mid-Tower Chassis with magnetic MESH Front Panel design. The chassis features innovative dust filter, vertical VGA installation, rounded with a smooth ARGB gaming atmosphere.

Magnetic MESH Front Panel

Powered by XPG :Exoskeleton Design Language, it sports a magnetic MESH front panel design featuring two front ARGB lighting strips to mark its gaming DNA and it is offered in both Black and White color variants.

Removable-on-Rail Dust Filter

The innovative Removable dust filter on-Rail design is easy to clean and intuitive as well as very efficient in protecting your chassis to build up dust on your components.

Support Vertical VGA Installation

A replaceable VGA Bracket design makes it easy to exhibit your graphic card with lighting effects vertically or horizontally even within the extremely compact size.

Efficient Airflow Layout

Support up to 6 fans in total, and up to 360mm radiator at front, 280mm at top, and a 120mm at rear.

Storage Options

XPG STARKER AIR chassis supports up to x2 3.5" HDD and x2 2.5" HDD/SSD storages, and a Combo Drive available for both 2.5" and 3.5" storage sizes.

I/O Ports

A complete set of I/O ports for users to quick-access USB accessories, audio or to switch between pre-programmed lighting effect modes.

Features

- Magnetic MESH front panel design with XPG :Exoskeleton Design Language
- Innovative Removable-on-Rail Dust Filter
- Front Panel ARGB Lighting Effects
- Efficient Airflow Layout
- Support Vertical VGA Installation
